

Login Instruction – ADFS/Azure – Computer Application

 <p>The CrisisGo app login screen shows fields for Account/Email and Password, with a 'Sign In' button. A red box highlights the 'Sign In With SSO' button at the bottom right.</p>  <p>The bottom screen of the app shows the email test@example.com and a 'Continue' button.</p>	 <p>The Microsoft Sign in screen shows the email test@example.com and a 'Next' button.</p>	 <p>The Microsoft Enter password screen shows a password field and a 'Sign in' button.</p>  <p>An 'Open CrisisGo?' dialog box appears with the URL https://saml.crisisgo.net and 'Open CrisisGo' and 'Cancel' buttons.</p>
<p>Step 1: Launch the CrisisGo app on your computer and Press the Sign In With SSO button. The bottom window will appear: Please enter your e-mail address and press the Continue button</p>	<p>Step 2: Upon completion of Step 1, a browser window will open, directing you to your organizations Microsoft website. Enter your e-mail address and press Next</p>	<p>Step 3: Enter the password associated with your email address, and press Sign In. If successful, the bottom image will appear. Press Open CrisisGo to launch and sign into the CrisisGo application. You can close any browser windows that opened during this process.</p>

For Password Resets: If you use this method to log into CrisisGo, your organization controls your username and password. If you do not know your password, you will need to contact your local IT Department to reset it. Attempts to reset your password within the CrisisGo application will not be successful.
